GREAT STORM AND QUAKE

(Continued from page one)

permanent hangars withstood the gale, but several aeroplanes were reported damaged.

The gale came in such terrific and sudden gusts that it blew three or four persons through plate glass windows in the downtown district, and carried away the weather observation tower on top of a high building. The barometer registered 29.05 just before all the instruments were put out of commission and the gale had raged up to 114 miles an hour and then dropped in ten minutes to fourteen, before a change of direction and a rise to 98 miles took off the tower.

The one life reported lost was that of Daniel Cobb, cook on the small steamer Flanders, which was reported sunk two miles from here. Its crew was brought here last night. Several persons were slightly injured.

Shipping damage besides that to numerous small boats and fishing craft and the Flanders, included the driving together of the Norwegian bark Oaklands, 898 tons, and the 468 ton steamer J. E. Du Bignon. Both suffered damage which can not be accurately estimated yet. Three fishing schooners were driven ashore and the Russian bark Albyn went adrift in the bay, but was recovered. The small schooner Amy Vixon, in tow of the Flanders, broke loose and has not been accounted for. It was not known how many men were aboard.

The storm isolated Pensacola from about 3 o'clock yesterday morning until shortly before 8 o'clock last night.

The South Recovering

(By Associated Press.) MOBILE, Ala., Oct. 19.—Southern Alabama and western Florida are recovering from the hurricane which swept out of the Gulf of Mexico across the coast yesterday, causing two deaths and large property and marine loss. Mobile and Pensacola, both in the path of the storm, suffered far less damage than in the July storm.

Rumanians Gain Ground

(By Associated Press.) BUCHAREST (official), Oct. 19.—The Rumanians are pushing back the invading Austro-Germans on the Transylvania frontier. At Praedel the Rumanians drove back the Teuton units to beyond the border. The Rumanians claim to have gained ground in the Bran defile.

TWO DEMOCRATIC LAWS ASSISTED BY HUGHES

(By Associated Press.) SAGINAW, Mich., Oct. 19.—Charles E. Hughes, in two speeches, one at Bay City, assailed the administration for the Underwood tariff and Adamson laws. He repeated denial of the charge that a vote for him meant a vote for war. "Men going about saying that a vote for me meant a vote for war because I criticized the weakness and vacillation of the administration. A vote for me is a vote for permanent peace, based on self-respect and esteem and respect for others."

DOUBT THAT BRITISH CAPTURED THE BREMEN

(By Associated Press.) WASHINGTON, Oct. 19.—German officials here do not believe that the Bremen has fallen into the hands of the British unless it had an accident to its machinery. It is pointed out that unlike the navy submarines the merchant submarines avoid localities frequented by shipping, and therefore are not open to the same risks.

REGISTRATION NEARS END

Up to 3 o'clock this afternoon there had been 2331 names placed on the registration books of this city. Of this number about 650 are women. They are registering fast now that the time has almost expired. The books close at 9 o'clock tomorrow evening.

FRANK MEYER NARROWLY ESCAPES INSTANT DEATH

Frank Meyer of this city came within a minute fraction of death last evening at 5 o'clock. Indeed, his condition is still precarious, but there are hopes of saving him through heroic surgery.

Mr. Meyer, in company with Joe O'Brien, was at the timber framing shop of the West End Consolidated Mining company, sawing poles for the telephone company. The circular saw is movable and the timber to be sawed remains stationary. Instead of grasping the lever that controls the saw with his left hand, Mr. Meyer used his right, and when the saw had cut through the pole he did not have sufficient purchase to stop it. The cruel teeth of the saw caught him at the left collar bone and crunched down almost to his abdomen.

Five ribs were cut through and the pericardium was pierced, exposing his heart. Despite the terrible injury he retained consciousness and strength and walked to his wagon and drove with the other men present to the Tonopah Mine Operators' hospital.

The pericardium was stitched and the ribs fastened together and the aperture closed. Mr. Meyer came out from under the anesthetic feeling strong. He passed a good night and at a late hour this afternoon his condition is as good as might be expected. Mrs. Meyer, who had been visiting at Austin, was notified last evening and with her brother, Philip, arrived this morning at 5 o'clock.

Mr. Meyer had been a resident of Tonopah for the past twelve years. He was born in Austin and has resided in Nevada nearly all his life. For more than a year past he has been conducting the Pioneer livery stable. He is extremely popular and highly respected by all, and the terrible accident which he sustained was a shock to all in the city.

At a late hour this afternoon, Mr. Meyer was resting comfortably, with his temperature about normal. Dr. McKensie, the Reno surgeon, will arrive on the train tomorrow morning.

A VOTE FOR HUGHES NOT A VOTE FOR WAR

(By Associated Press.)

KALAMAZOO, Mich., Oct. 19.—Charles E. Hughes told an audience in the Armory here last night that a vote for him, far from being a vote for war, meant a vote for the maintenance of American rights, and that when Americans went abroad lawfully to further American enterprise they should go with the "backing of the American government."

The nominee assailed the administration for its foreign policy, for its claim that it had aided business, for the Underwood tariff, for alleged failure to observe the merit system in making appointments, and for extravagance. He declared the present prosperity of the country temporary and due to the European war. The federal reserve bill, he said, "giving credit where credit was due," was largely the result of the report of the Republican monetary commission and contained "defects which should be removed."

Mr. Hughes also took occasion to correct a misquotation of the official transcript of his speech at Omaha, in which he was quoted as saying that the administration had not clarified the anti-trust act, but had added a "fake phrase." Mr. Hughes said he had not used the words "fake phrase," but that he said that the phrase was a vague phrase.

The special train carrying Mr. Hughes on his campaign trip, delayed by a freight wreck, reached Kalamazoo more than two hours late. Mr. Hughes was greatly fatigued by the day of traveling, which was broken only by stops at Niles and Dowagiac. He spoke for ten minutes at Niles and said a few words to the crowd at Dowagiac. The Hughes special left Kalamazoo two hours late.

RECORD BREAKING RUN OF NINETY-FIVE MILES

(By Associated Press.)

CHICAGO, Oct. 19.—A heaping dish of ice cream and some lemonade was all that Sidney Hatch of Chicago, a veteran amateur Marathon runner, wanted after he finished his record breaking 95 mile run from Milwaukee to Chicago yesterday. Then, after a brisk rubdown, he went to bed for a 24 hour sleep.

Officials of the amateur athletic union declared that Hatch's performance probably was the most remarkable in history. He covered the distance, 95.15 miles, in 14 hours, 40 minutes and 30 seconds, beating the former record by four hours and seven minutes.

Hatch ran every step of the way, making only three stops for a total loss of 16 minutes, and finished strong, although 10 pounds lighter. He averaged a mile every 8 1/2 minutes.

Alex Monteverde, of Johnstown, N. Y., who started as Hatch's pacer, was forced to drop out before three-fourths of the distance had been covered.

PROHIBITION LEADER FLAYS BOTH PARTIES

(By Associated Press.)

TERRE HAUTE, Ind., Oct. 19.—Home again in Indiana, where he hopes to swing a large vote from both parties, J. Frank Hanly, the Prohibition candidate for president, flayed Democrats and Republicans alike "for their subservency" to the liquor interests. They form an "invisible government," he said, which has silenced old parties, state and nationally, but particularly in Indiana.

"I'll give them enough of this invisible talk before this campaign is ended," he shouted to a throng that packed a street around the rear of the dry special train in Lafayette.

Hanly dwelt specifically on a resolution adopted by the Indiana Retail Liquor Dealers' association convention in Indianapolis last winter to appropriate \$150,000 for use in the present campaign and a threat the organization made to fight any candidate who would not "do their bidding."

Following this convention, Hanly said, the Democrats in their state platform declared their acquiescence in the present liquor laws. The Republican convention ignored mention of liquor in its platform.

"I wonder how much influence the retail liquor dealers had with the Democratic convention?" he asked. "I wonder if the Democrats have come across and made their secret pledge that the liquor dealers' convention demanded they should make?"

I wonder how much influence the Retail Liquor Dealers' association had in that convention to obtain the silence and acquiescence of the Republican party?"

Ira Landrith, the vice presidential candidate, assailed Senator Taggart and Charles Warren Fairbanks, declaring that "fear chills the soul" of the latter on the liquor question.

CAMPAIGN INTERRUPTS NATIONAL BUSINESS

(By Associated Press.)

CHICAGO, Oct. 19.—Speaking before the Press club, President Wilson declared that he regarded the campaign "as a great interruption to the national performance of public business." He said that some persons, when asked what the campaign was all about, replied they wanted to stop "all this progressiveness." He said he could not understand their attitude, because the progress is natural.
